Message from Chairman

Dear Shareholders,

At the onset I would like to thank you for your unwavering trust in your management team to steer your company in these challenging times. We are happy to share with you that our endeavor is to maneuver through the lockdowns and slowdowns with gentle human approach but a tight focus on maintaining profitability and a strong balance-sheet.

The last year has been one of the most challenging times our company has faced, with global logistics sector being severely impacted by COVID-19 shutdowns. Despite this, we were able to increase our Profit after Tax for Fiscal FY2020-21 to Rs.97.1 Mn, 21% higher compared to Rs.80 Mn in FY20. We optimized our revenue growth with a mix of lease and self-owned boxes. This is the continuation of the strategy we adopted two year back. During the year we added 1,194 leased boxes, which now account for 12% of our boxes vs NIL

“Our strong balance sheet now gives us sufficient flexibility to optimize growth going forward. With the global economies opening up and demand for containers strong, we are now putting in place aggressive growth plans, to add owned and leased containers.”

in FY2018. This enabled us to improve revenues while efficiently managing cash flow.

During the year under review, especially the first half of the year, we faced difficulty and slowdown in round trips and bringing back our containers into India. This impacted our overall volumes, which remained subdued during the year. However, we see this as a temporary issue and gearing up to bounce back with the economy picking up in the second half of FY2021-22.

During the year, we had taken a conscious decision to keep the burden on balance sheet at bare minimum, bringing down net debt to just Rs.34 Mn. The cash on hand as on 31st March, 2020-21 was at an all time high at Rs.188 Mn.

Our strong balance sheet now gives us sufficient flexibility to optimize growth going forward. With the global economies opening up and demand for containers strong, we are now putting in place aggressive growth plans, to add owned and leased containers.

Excluding cash on hand, our Return on Net Worth (RONW) percentage has improved, at 38% in FY21 vs 27% in FY20. We assure you to keep our focus on growth with margins and commitment to maximising shareholder wealth. I am pleased to share that our Board of Directors has proposed a dividend of 5% per share to Non-promoter shareholders, another first for company. I would like to take this opportunity, on behalf of the Board of Directors, to thank each and every one of you for your continuing support in this exciting journey together”.

Regards,

ABDUL KHALIK CHATAIWALA
Chairman & Managing Director

Corporate Social Responsibility

Being a socially responsible company, we work closely with the community members to understand their needs and take necessary actions to uplift the communities in which we operate. Our CSR activities are mainly focused around education, health and sport development.

₹ 2.162 million

Spent towards CSR activities

In line with our endeavour to fulfill the educational dreams of children, we are collaborating with Mumbai-based educational institute: Anjuman-I-Islam. We in collaboration with them, will give financial help to deserving and potential students of their educational institute under "Anjuman I Islam Sahara Sponsorship Project".

Dr. Zahir I Kazi (President - Anjuman I Islam) and Team with Lancer's Management Team

We are proud to support the education of underprivileged children through Mesco Trust, Mumbai. Through this collaboration, we are developing an educational aid scholarship program. In this initiative, every year we will give scholarships to an underprivileged student for school activities. Through our help, MESCO trust has been able to increase its educational aid by 33% annually.

Prof. M. Farhaan Makba (President - Mesco Trust) with Lancer's Management Team]

To provide quality healthcare services at affordable price, we have collaborated with M. H. Saboo Siddique Maternity & General Hospital to provide a financial hand to their work. With Lancer's financial help, the hospital procured the specialized Electromechanical General Surgery OT Table. This OT table is technological advanced and will use in different surgeries procedures.

Dr. Abdul Rouf Sumar (President - Sabu Siddique hospital) with Lancer's Management Team

We, at Lancer, have extended our support to emerging players in the field of sports and encourages them to be the best in the game. We are providing financial and non-financial support to sportsman who has immense potential and someone who will go the extra mile to win. Mr. Amzeer Shaikh is our first of many sports players chosen under Lancer's sports development program.

The proposed alteration by way of inserting new sub clauses to the Clause III A- Main Objects of the Memorandum of Association shall enable the Company to expand its activities and venture into new areas of business.

As per the provisions of Section 13 of the Companies Act, 2013 read with other applicable provisions, for altering the Main Object clause of the Memorandum of Association, approval by way of a Special Resolution is required from the Members of the Company. A copy of the Memorandum of Association of the Company along with the proposed amendments is available for inspection by the members at the Registered Office of the Company between 11:00 AM and 5:00 PM on all working days from Monday to Friday from the date of dispatch of the AGM Notice till the date of AGM, i.e. 29th September, 2021.

None of the Director(s), Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, in the above referred resolutions except to the extent of their shareholding.

Accordingly, the Board of Directors of your Company recommend the Resolution set out in Item No. 5 of this Notice for the approval of the Members by way of passing a Special Resolution.

Item No. 6 - Bonus Issue

The Equity Shares of your Company are actively traded on the BSE Limited. The Company has grown multifold and performed significantly well over the period.

With a view to rewarding the existing shareholders, encouraging the participation of small investors by increasing the liquidity of the Equity Shares and to expand the retail shareholders' base, the Board of Directors, at their meeting held on August 30, 2021, considered, approved and recommended issue of shares by increasing the Issued, Subscribed and Paid-up Share Capital of the Company to a sum of Rs. 30,14,11,200/- after capitalizing a sum not exceeding Rs. 20,09,40,800/- from the Free Reserves as appropriate, as per the Audited Financial Statements of the Company for the Financial Year ended March 31, 2021 by applying the same towards payment of unissued shares to be issued to the members as fully paid bonus shares. The capitalization of Free Reserves requires members' approval as per the Articles of Association of the Company.

The bonus issue of Equity Shares will be subject to the approval of Members and other approvals, consents, permissions, conditions and sanctions, as may be necessary. The fully-paid Bonus Shares shall be distributed to the Members whose names shall appear in the Register of Members of the Company in respect of shares held in the Physical form, if any and/ or whose names appear in the Register of Beneficial Owners as per the details to be furnished by the Depositories in respect of shares held in dematerialized form, as on the Record Date, in the ratio of (2) Two Equity Shares of Rs. 10/- each for every (1) One fully paid Equity Share of Rs. 10/- each held as on a Record date decided for this purpose.

Shareholding pattern before and after Bonus Issue would be as follows:

Sr. No	Category	Pre Bonus Issue		Bonus Issue (2:1)	Post Bonus Issue	
		No of shares held	% of share holding		No of shares held	% of share holding
A	Promoters Holding	74,79,040	74.44	1,49,58,080	2,24,37,120	74.44
B	Non-promoters' holding	25,68,000	25.56	51,36,000	77,04,000	25.56
C	Non Promoter & Non Public	0	0.00	0	0	0.00
	GRAND TOTAL	1,00,47,040	100.00	2,00,94,080	3,01,41,120	100.00

The bonus shares, once allotted, shall rank pari-passu in all respects and carry the same rights as the existing Equity Shares and holders of the bonus shares shall be entitled to participate in full in any dividend and other corporate action, recommended and declared after the new Equity Shares are allotted.

None of the Director (s), Key Managerial Personnel or their relatives are directly or indirectly concerned or interested in the resolutions at Item no. 6 of the Notice except to the extent of their shareholding and shares which may be allotted to them as part of this bonus issue.

Accordingly, the Board of Directors of your Company recommend the Resolution set out in Item No. 6 of this Notice for the approval of the Members by way of passing a Special Resolution.

Item No. 7 - Issuance of Foreign Currency Convertible Bonds ("FCCBs")

In order to augment long term resources for general corporate purposes, enhancing network, financial position, long term viability and future growth and enhance competitiveness to be able to compete with the peer groups, the Board of Directors of the Company at its meeting held on 30th August, 2021 proposed to obtain an enabling approval of Members without the need for any further approval from the Members, for Issuance of Foreign Currency Convertible Bonds and/or any other similar securities which are convertible or exchangeable into equity shares and/or preference shares and/or Global Depository Receipts (GDRs) and/or American Depository Receipts (ADRs) and/or any other financial instrument(s)/ securities convertible into and/or linked to equity shares of the Company and/or held by the Company ('Securities'), in one or more issuances and/or tranches through private placement, public offerings, and/ or any combination thereof or any other method as may be permitted under applicable laws.

Issuance of Securities may result in the issuance to investors who may not be Members of the Company. Therefore, consent of the Members is being sought, for passing the Special Resolution as set out in the Notice, pursuant to Section 62 of the Companies Act, 2013, ('Act') as amended and any other law for the time being in force and being applicable and in terms of the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. Further, in terms of provisions of Section 42 of the Act read with the Companies (Prospectus and Allotment of Securities) Rules, 2014, a company can issue its securities on private placement basis after obtaining prior approval of the Members of the Company by a Special Resolution. The equity shares, if any, allotted on issue, conversion of Securities shall rank pari passu in all respects with the existing Equity Shares of the Company.

The resolution proposed is enabling approval and the exact combination of instrument(s), exact price, proportion and timing of the issue of the Securities in one or more tranches and/or issuances and the detailed terms and conditions of such tranche(s)/ issuances will be decided by the Board in consultation with lead managers, advisors and such other authorities and agencies as may be required to be consulted by the Company in due consideration of prevailing market conditions and other relevant factors after meeting the specific requirements in a manner and subject to limit as more particularly set out in the resolution at Item No. 7 of the accompanying Notice. The proposed Special Resolution is only enabling in nature and seeks to confer upon the Board the absolute discretion and adequate flexibility to determine the terms and quantum of issue(s) and to take all steps which are consequential, incidental and ancillary.

The pricing of the offer would be in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (the SEBI (ICDR) Regulations'), the Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Foreign Exchange Management Act, 1999, the Companies Act, the Issue of Foreign Currency Convertible Bonds and Ordinary Shares (Through Depository Receipt Mechanism) Scheme, 1993, the Foreign Exchange Management (Borrowing and Lending) Regulations, 2018, the Master Direction - External Commercial Borrowings, Trade Credits and Structured Obligations, 2019, the Foreign Exchange Management (Debt Instruments) Regulations, 2019, the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 or any other guidelines/ regulations/ consents, each as amended, as may be applicable or required.

FCCB pricing will be as per FCCB Scheme. The 'Relevant Date' for the purpose of determination of price of the securities shall be the date as determined in accordance with the applicable provisions of law and as mentioned in the resolution. The proposed issue of the Securities shall be within the overall borrowing limits of the Company in terms of Section 180(1)(c) read with Section 180(1)(a) of the Act or such other enhanced limit as may be approved by the Members of the Company, from time to time and the issue, if necessary, may be secured by way of mortgage / hypothecation of the Company's assets as may be finalised by the Board in consultation with the Security Holders / Trustees in favour of Security Holders/ Trustees for the holders of the said securities. In connection with the proposed issue of Securities, the Company is required, inter alia, to prepare various documentations and execute various agreements. The Company is yet to identify the investor(s) and decide the quantum of Securities to be issued to them. Accordingly, it is proposed to authorize the Board to identify the investor(s), issue such number of Securities, negotiate, finalize and execute such documents and agreements as may be required and do all such acts, deeds and things in this regard for and on behalf of the Company.

None of the Director(s), Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, in the above referred resolution except to the extent of their shareholding.

Accordingly, the Board of Directors of your Company recommend the Resolution set out in Item No. 7 of this Notice for the approval of the Members by way of passing a Special Resolution.

Item No. 8 - To increase the Borrowing Powers under Section 180 (1) (c) of the Companies Act, 2013 upto Rs. 1000 Crores.

The revenue of the Company has increase over the past several years and for the future growth of the Company, it needs to invest in enhancing capacity through its own and borrowed funds. The members of the Company at their Annual General Meeting held on 28th September, 2019 had passed a resolution authorizing the Board of the Directors of the Company to borrow monies, from time to time, upto Rs. 75 Crores. The Company is expediting its plan to scale up its capacity and hence it is considered necessary to increase the limits for borrowing of funds from Rs. 75 Crores to Rs. 1000 Crores.

We bring to your attention that pursuant to Section 180(1) (c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the Paid-up Capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a General Meeting. Keeping in mind the Company's future financial requirements to support its growth, the approval of the members is sought to enhance the borrowing powers vide this resolution. The members would be pleased to note that Company has maintained a tight vigil on the borrowings and maintained a disciplined track record of repayments.

None of the Director(s), Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, in the above referred resolution except to the extent of their shareholding.

Accordingly, the Board of Directors of your Company recommend the Resolution set out in Item No. 8 of this Notice for the approval of the Members by way of passing a Special Resolution.

Item No. 9 - Approval of members under Section 180(1) (a) of the Companies Act, 2013 for creation of charge on the movable and immovable properties of the Company, both present and future in respect of borrowings.

A resolution has been placed before Members under Item no. 8 for the approval for increase in the borrowing limit from the current limit of Rs. 75 Crores to Rs. 1000 Crores. The borrowings availed from the lenders would require a charge to be created on the movable and immovable properties of the Company, both present and future in such form, manner and ranking as may be determined by the Board from time to time, in consultation with the lender(s). Pursuant to section 180(1) (a) of the Companies Act, the approval of the Members is required for the creation of charge.

None of the Director(s), Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, in the above referred resolution except to the extent of their shareholding.

Accordingly, the Board of Directors of your Company recommend the Resolution set out in Item No. 9 of this Notice for the approval of the Members by way of passing a Special Resolution.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY OVERVIEW

GLOBAL CONTAINER LINES INDUSTRY

The global container shipping market is predicted by industry experts to reach US\$10.93 billion in 2025, progressing at a CAGR of 8.49% over the period 2021-2025. This follows Industry forecasts of global trade growth picking up to 2.5% in 2021 and 3% in 2022. Data shows that all major trade corridors have seen a high rate of growth across the first five months of 2021, Far East export and European imports are leading the way with both up by over 50 percent in 2021.

Container movement between North America and Asia remains the fastest growing market. Factors supporting growth include growing population, accelerating economic growth, rising demand for shipping containers, increasing steel production and rapid urbanization driving growth. A few important factors which will also influence growth include oil & coal demand and prices, advancements in container shipping and growing trend of containerization.

The sudden outbreak of COVID-19 created an unfavorable impact on the market in the last two years as strict lockdown in multiple countries sealed national borders and halted various shipping activities. North American container movement saw the biggest deterioration with vessels spending on average 33 hours on anchor in May 2021 versus an average of just eight hours in May 2019. For Northern European ports the average wait jumped to 30 hours in May vs 13 hours in 2019, while the wait at East Asian ports increased to 15 hours from 10 hours two years earlier. The extra wait for a berth increased the average hours container ships spent in port in May 2021 to 92 hours for North America; 40 hours for East Asia and 69 hours in Northern Europe. The South Chinese port of Yantian saw a significant deterioration from 22 to 62 port hours from March to May 2021, as it was hit with pandemic-related bottlenecks.

As the world started opening up, the surge in global trade resulted in a collapse in global vessel schedule integrity. A much larger percentage of ships are arriving at their destinations well outside of schedule, making it very challenging for ports to plan cargo operations and resulting in vessels having to wait for long periods before they can be loaded or unloaded. Many ports are struggling to maintain an efficient turnaround schedule putting further pressure and delays on an already stretched global supply chain. But outlook remains uncertain in the short term, as equipment shortages and other effects of the pandemic continue to persist as the global trade recovery is becoming more sustained and broader.

INDIAN LOGISTICS INDUSTRY

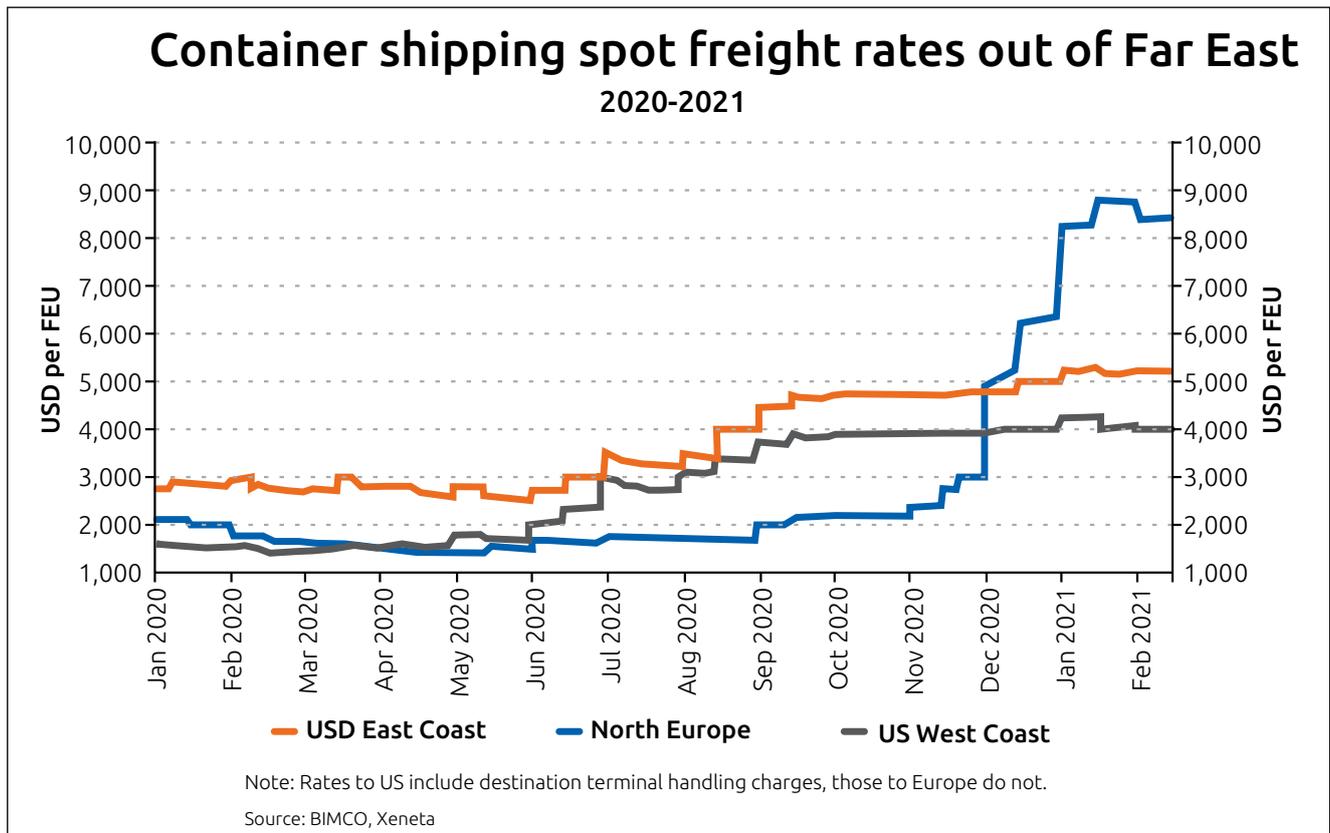

As trade continues to navigate foggy conditions, the most recent trends indicate that an overall recovery of import-export trade in India has begun in the first half of FY2021-22. Indian Exports during April-July 2021 jumped 73.86 per cent on a low base to USD 130.56 billion, against USD 75.10 billion in the year-ago period.

The Shipping Ministry is putting in place a number of measures to addressing acute shortage of containers, controlling high shipping freights and ensuring timely refund of pending dues are crucial to take the country's overall exports to USD 400 billion by the end of this fiscal. Along with container shortage, high shipping freights are impacting domestic exporters. Other factors that could help in increasing shipments include ensuring that negotiations for various free-trade agreements (FTAs) lead to greater market access for Indian goods; attracting export-oriented foreign direct investment, credit to export.

Larger ports including JNPT, Mundra are working 24x7 to clear the container congestion at ports. While the initial container movement was mainly essential goods including crude and pharmaceuticals, with clearing of the congestion at ports EXIM trade has bounced back to almost normal. The COVID impact

on important states like Maharashtra and Gujarat continues to remaining challenging, but expected to return to normalcy in the near-term. The Indian ports and shipping industry play a vital role in sustaining growth in the country’s trade and commerce. Under the National Perspective Plan for Sagarmala, six new mega ports are proposed to be developed in the country.

While Container rates continuing to remain high, logistic companies continue to struggle with the ever-increasing costs. The high long-term contracted container rates are expected to remain at elevated levels through FY22. As nations gradually emerge from the worst of the pandemic, and more equipment and capacity is introduced, it’s possible to see some relaxation in rates. The current market is a struggle between carriers seeking to realize the opportunities and shippers who find themselves caught by tight capacity and few options to control costs.

FY2020-21 BUSINESS & FINANCIAL REVIEW

During the year FY2020-21 Revenue at Rs.3,126 million was 17.8% YoY higher compared to Rs.2,653 million in the previous corresponding year. Despite the challenges faced during the year with global container movement slowdown, we were able to maintain volumes while improving average realizations. Containers boxes for deployment in FY21 at 9,987 was almost at the same level as FY20, with leased containers accounting 12% of total available boxes compared to 5% of total being leased containers

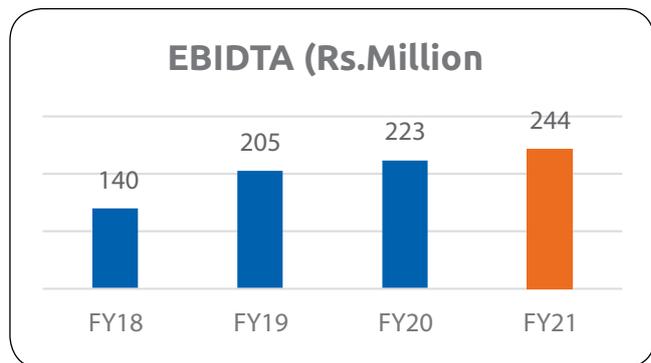

in FY20. The overall performance for the year was mainly in the second half of the year, with NVOCC volumes picking up with the opening up of container movement.

During the year FY2020-21 EBIDTA at Rs.243.8 Mn was up 9.2% YoY. The margins were impacted due to increase in operating costs. The year saw a sharp increase in liner charges, which account for a major portion of the company's operating costs. Operating expenses largely comprise of liner slot booking and compensation/payments to international agents. The spurt in these costs lead to an increase in operating costs as a percentage of revenues, as these could not be fully passed on to customers and was partly absorbed. With China coming back into global trade, the demand for shipping slots led to tight market conditions. Despite this, with stringent cost control measures the impact on profitability was controlled. For Fiscal FY21 PAT was Rs.97.1 Mn, up 21% YoY.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Across industries, internal process control and systems play a critical role in the health of a Company. An effective system of internal controls forms a keystone necessary for building, maintaining and improving shareholders' value and helps to enhance the overall quality of the business and enterprise. Lancer remains committed to ensuring an effective internal control environment that provides assurance on the efficiency of operations and the security of assets. Lancer has a sound internal control system to ensure that all assets are protected against loss from unauthorized use. All transactions are recorded and reported correctly. The Company's internal control system is further supplemented by internal audits carried out by the internal audit team. Well-established and robust internal audit processes, both at business and corporate levels, continuously monitor the adequacy and effectiveness of the internal control environment across the Company and the status of compliance with operating systems, internal policies and regulatory requirements.

Lancer has maintained adequate and effective internal financial controls based on internal control over financial reporting criteria established by the Company. This takes into account the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls over Financial Reporting' issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, safeguarding its assets, prevention and detection of frauds and errors, accuracy and comprehensiveness of the accounting records, and the timely preparation of reliable financial information, as required under the Act. The Audit Committee of the Board, works closely with both the Internal Auditors and Statutory Auditors ensuring that all their queries are addressed. The Company also conducts Risk Assessment Workshops annually to define and identify what the Company's most significant risks are and how those risks can be mitigated. The members of the Leadership team actively participate and deliberate in the risk workshops.

PERFORMANCE MANAGEMENT:

The performance management system in Lancer is compared through Financial performance on quarterly basis. Independent Auditor's Report

To
The Members of **Lancer Container Lines Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Lancer Container Lines Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind As") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

KEY AUDIT MATTER	RESPONSE TO KEY AUDIT MATTER
<p>1. Accuracy of Revenues, Expenses & related Trade Receivables and Payables with Overseas Agents:</p> <p>The main line of business of the company is Ocean transport services of intermodal containers by container ships (NVOCC – Non Vessel Operating Common Carrier). While in India the services are rendered and revenue collected through the head office and branch network, the delivery of shipping services at overseas destinations is achieved through agency arrangements with Overseas Agents, who are selected based on the assessment of their track record & market feedback. Under the agency agreement, these agents are required to ensure handling of containers arriving at their respective locations and collect revenue due at their destination and effect any local payments due for handling of the containers. The collections and payments are accounted for at a movement level in a Statement of Account and payments in foreign currency are made or received by the company.</p>	<p>Audit Procedure adopted:</p> <p>We assessed the process followed by the company to track and record such transactions with Overseas agents. Our evaluation was done on the following lines:</p> <ul style="list-style-type: none"> • Evaluated the process followed by the company for recording the revenues and expenses against the container movement and the checks and balances thereon. • Examined the Agency agreements entered into by the company. • Selected sample transactions with overseas agents based on materiality. • Examined the details of Revenue, Expenditure recorded in comparison with the Agency agreements and the accuracy thereon. <p>Conclusion</p> <p>The company follows a practice of exchanging the Statement of Accounts with each overseas agent and obtaining sign-off. Booking of revenue is done after obtaining confirmation from the Overseas agent which is normally received. Given the diverse regulations, procedures and documentation applicable at each agent's location, time zone differences, the confirmations of certain locations and or agents are received with a lag. Materially outstanding balances, if any, with overseas agents are reviewed on regular basis. Our procedures did not identify any material exceptions in this process. We validated the appropriateness of the related disclosures in note no of 42 of the financial statements.</p>
<p>2. Examination of documents/ records in lockdown conditions due to covid-19 pandemic</p>	<p>The Financial Statements of the Company for the year ended March 31, 2021 were audited under exceptional circumstances due to prevailing lockdown conditions on account of Covid-19 pandemic. Due to the restrictions on physical movement, the entire audit team could not visit the company and we have examined the books of accounts and relevant documents through scanned documents / spread sheets received in electronic mode and not in original. Our audit procedures were designed to obtain sufficient appropriate audit evidence under these exceptional circumstances.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work

and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity, and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“The Act”)

We have audited the internal financial controls over financial reporting of Lancer Container Lines Limited (“the company”) as at 31st March, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of internal financial controls over financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorities of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, materials misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal financial control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

1. Corporate information

The Company was incorporated on 7th March, 2011 as a Private Limited company limited by shares. It was converted in Public Limited company on 16th July 2015. It has its Registered office in Navi Mumbai, Maharashtra, India. The company is engaged in the business of Freight Forwarding, Clearing and Forwarding, Non Vessel Operating Common Carrier and Trading in Containers and related activities. The company offers its services across India and to other countries.

The financial statements for the year ended March 31, 2021 were approved by the Board of Directors and authorised for issue on June 24, 2021.

2. Significant accounting policies

The financial statements have been prepared on the following basis:

2.1 Basis of accounting and preparation of financial statements

These financial statements have been prepared in accordance with Ind AS as prescribed under section 133 of the Companies Act 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

These financial statements have been prepared on a historical cost basis, except following assets and liabilities which have been measured at fair value:

(i) Defined Benefit plans-plan assets

Up to the year ended March 31, 2018, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP) which includes standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as " Previous GAAP".

The functional and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operates.

2.2 Use of estimates

The preparation of the financial statements are in conformity with Ind AS requires the Management to make estimates, judgement and assumptions. These estimates, judgement and assumption affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of the changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

2.3 Revenue recognition

Sales of goods are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sale of goods is net of Indirect taxes, returns and discounts.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

Interest income from a financial asset is recognised using effective interest rate method. Dividend income is accounted for when the right to receive the payment is established.

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

2.4 Inventories (For Trading)

Inventories of Containers are valued at lower of Cost and net realisable Value. Cost Comprises all cost of purchase and other cost including customs duty incurred in bringing inventories to their present location and condition.

2.5 Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition net of recoverable taxes, trade discount and rebates including any cost, directly attributable to bringing the assets to their working condition for its intended use, net charges on foreign exchange arising from exchange rate variations attributable to the assets less accumulated depreciation and impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Capital Work in Progress if any, are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.6 Depreciation /Amortisation and useful lives of property, plant and equipment/intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

2.7 Foreign Currency Transactions and Translation

Transactions denominated in the foreign currencies are recorded at the exchange rate prevailing on the date of transaction or that approximates the actual rate at the date of the transaction.

The monetary assets and liabilities denominated in the foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

Any income or expense on account of exchange difference either on settlement or translation is recognised in the Statement of profit and loss except in the case of long term liabilities, if any, where they relate to the acquisition of the fixed assets, in which case they are adjusted to the carrying amount of such assets.

2.8 Employees Benefits

Defined Contribution Plans

Provident Fund are defined contribution schemes established under a State Plan. The contributions to the schemes are charged to the statement of profit and loss in the year when the contributions become due.

Defined Benefit Plans

The company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post employment at 15 days salary (last drawn salary) for each completed year of services as per the Payment of Gratuity Act, 1972. The aforesaid liability is provided for on the basis of an actuarial valuation made using Project Unit Credit Method at the end of the financial year. The scheme is funded with an insurance company in the form of a qualifying insurance policy. Actuarial gains/losses are recognized in statement of profit and loss in the year in which they arise.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance sheet date. Employees are entitled to accumulate leave subject to certain limits for future encashment. The liability in respect of leave encashment is provided for on the basis of actuarial valuation made at the end of the financial year using Project Unit Credit Method. The said liability is not funded.

2.9 Borrowing Cost

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that takes substantial period of time to get ready for its intended use.

All other borrowing costs are recognised as expense in the period in which they are incurred.

2.10 Fair value Measurement:

Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of asset and liability

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

if market participants would take those into consideration. Fair value for measurement and / or disclosure purposes in these financial statements is determined in such basis except for transactions in the scope of Ind AS 2, 17 and 36. Normally at initial recognition, the transaction price is the best evidence of fair value.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A Fair value measurement of a non-financial asset takes in to account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (Unadjusted) market prices and active market for identical assets and liabilities.
- Level 2 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by the re assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognised in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the income statement. On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- a) Financial assets that are measured at amortised cost.
- b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis: -

- a) The twelve month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within twelve months after the reporting date)
- b) Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

b. Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including book overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

"All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permit inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:

Financial Liabilities classified at Amortised Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the Effective Interest Rate. Interest expense that is not capitalised as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/ expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise assets and settle the liabilities simultaneously.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

2.12 Earnings per share

“Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.13 Income Tax Expenses

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current tax

Current tax includes provision for Income Tax computed under special provision (i.e. Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

2.14 Impairment of Assets non-financial assets - property, plant and equipment and intangible assets

“The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.15 Leases

Till 31st March 2019 all leases were classified as operating leases. Rental expenses from operating lease was recognised on a straight line basis over the term of the relevant lease.

From 1st April 2019 the company has applied Ind AS 116 ‘Leases’ for assets acquired during the year on lease. The company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying asset.

a) Right-of-use assets are measured at cost comprising the following:

- i) the amount of the initial measurement of lease liability
- ii) any initial direct costs

Right-of-use assets are depreciated over the lease term on a straight-line basis.

b) Lease Liabilities are measured at present value of fixed payments.

Incremental borrowing rate used for discounting has been determined by taking the interest rates obtained from financial institutions for borrowings for similar value of right of use of asset. In case of financial leases, lease liability is measured using implicit rate.

The company applies the short term lease recognition exemption to its short term lease contracts (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not and do not contain a purchase option). Lease payments on a short term leases are recognised as expense on a straight-line basis over the lease term.

2.16 Provisions and Contingent Liability

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities and commitments are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

44. Financial risk management

The Company's activities are exposed to a variety of market risk (including foreign currency risk and interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as commodity prices, foreign exchange rates, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

a. Commodity Price Risk

Commodity price risk arises due to fluctuations in prices of raw materials and other products. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

44. Financial risk management (Contd..)

b. Interest Rate Risk

The company's exposure to the risk of changes in market interest rate relates to the floating the debt obligations.

c. Foreign Currency Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit & Loss, where transaction references more than one currency or where assets/liabilities are denominated in currency other than functional currency of the entity. Considering the countries and economic development in which Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risk primarily relates to fluctuations in US Dollar.

"Any movement in the functional currency of operations of the Company against the major foreign currency may impact the Company's revenue in international business. Any weakening of the functional currency may impact Company's cost of imports and consequently the profit or loss.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risk.

ii. Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in a loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

The Company performs ongoing credit evaluation of its counterparties' financial conditions. The Company's major classes of financial assets are cash and bank balances, trade receivables, Security deposits, Advances to Suppliers and Employees and prepayments.

As at the reporting date, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

As at the reporting date, substantially all the cash and bank balances as detailed in Note 9 to the financial information are held in major Banks which are regulated and located in the India, which management believes are of high credit quality. The management does not expect any losses arising from non-performance by these counterparties.

As at 31 March 2021, the Company's outstanding trade receivables over-due for a period exceeding 180 days is 12.57% of total trade receivables.

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company has obtained fund based and non-fund based working capital credit facility from a bank. Company's policy is to ensure that it will always have sufficient cash to allow it to meet its

Notes to the Standalone Financial Statements

for the year ended 31st March, 2021

liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months.

The Company manages liquidity risk by maintaining adequate surplus, banking facilities and reserve borrowing facilities by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned.

Forecast for trade and other payables is regularly monitored to ensure timely funding.

All payments are made within due dates subject to availability of funds.

iv. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to maintain an optimal capital structure so as to support its businesses.

The debt-to-equity ratio of the Company at the end of the reporting period was as follows:

(₹ in lakhs)

Particulars	As at 31st March, 2021	As at 31st March, 2020

Independent Auditor's Report

To
The Members of **Lancer Container Lines Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Lancer Container Lines Limited ("hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31st March 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us,

and based on the consideration of reports of other auditors on separate Financial Statements of the subsidiaries referred to in the Other Matter section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind As") and other accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March, 2021 and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

KEY AUDIT MATTER	RESPONSE TO KEY AUDIT MATTER
<p>1. Accuracy of Revenues, Expenses & related Trade Receivables and Payables with Overseas Agents:</p> <p>The main line of business of the company is Ocean transport services of intermodal containers by container ships (NVOCC – Non Vessel Operating Common Carrier). While in India the services are rendered and revenue collected through the head office and branch network, the delivery of shipping services at overseas destinations is achieved through agency arrangements with Overseas Agents, who are selected based on the assessment of their track record & market feedback. Under the agency agreement, these agents are required to ensure handling of containers arriving at their respective locations and collect revenue due at their destination and effect any local payments due for handling of the containers. The collections and payments are accounted for at a movement level in a Statement of Account and payments in foreign currency are made or received by the company.</p>	<p>Audit Procedure adopted:</p> <p>We assessed the process followed by the company to track and record such transactions with Overseas agents. Our evaluation was done on the following lines:</p> <ul style="list-style-type: none"> • Evaluated the process followed by the company for recording the revenues and expenses against the container movement and the checks and balances thereon. • Examined the Agency agreements entered into by the company. • Selected sample transactions with overseas agents based on materiality. • Examined the details of Revenue, Expenditure recorded in comparison with the Agency agreements and the accuracy thereon. <p>Conclusion</p> <p>The company follows a practice of exchanging the Statement of Accounts with each overseas agent and obtaining sign-off. Booking of revenue is done after obtaining confirmation from the Overseas agent which is normally received. Given the diverse regulations, procedures, and documentation applicable at each agent's location, time zone differences, the confirmations of certain locations and or agents are received with a lag. Materially outstanding balances, if any, with overseas agents are reviewed on regular basis. Our procedures did not identify any material exceptions in this process. We validated the appropriateness of the related disclosures in note no of 42 of the consolidated financial statements.</p>
<p>2. Examination of documents/ records in lockdown conditions due to covid-19 pandemic</p>	<p>The Consolidated Financial Statements of the Company for the year ended 31st March 2021, were audited under exceptional circumstances due to prevailing lockdown conditions on account of Covid-19 pandemic. Due to the restrictions on physical movement, the entire audit team could not visit the company and we have examined the books of accounts and relevant documents through scanned documents / spread sheets received in electronic mode and not in original. Our audit procedures were designed to obtain sufficient appropriate audit evidence under these exceptional circumstances.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the other information. The other information comprises Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the consolidated financial statements, standalone financial statements, and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their Financial Statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with Ind AS and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee

that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision, and performance of the audit of the Financial Statements of such entities or business activities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities or business activities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters.

We did not audit the financial statements/ consolidated financial information of five subsidiaries, whose financial statements/ consolidated financial information reflect total assets of ` 9,03,07,577 as at 31st March 2021, total revenues of ` 14,21,18,755 and net cash flows amounting to ` 1,24,04,002 for the year ended on that date, as considered in the Consolidated Financial Statements. These Financial statements/ Consolidated financial statements/ Consolidated Financial Information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based on the reports of the other auditors.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other auditors on separate Financial Statements of subsidiary incorporated in India, referred in the Other Matters paragraph above we report to the extent applicable that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, Consolidated the Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on 31st March 2021 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” which is based on the auditor’s reports of the Parent, its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.

(g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“The Act”)

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended 31st March 2021, we have audited the internal financial controls over financial reporting of LANCER CONTAINER LINES LIMITED (hereinafter referred to as “Company” or “the Parent”) and its subsidiary companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent ,its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting of the parent, its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors of the subsidiary companies which are companies incorporated in India, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the parent, its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorities of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, materials misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of other auditors referred to in the Other Matters paragraph below, the parent, its subsidiary companies, which are incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to five subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of the above matters.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

1. Corporate information

The Company was incorporated on 7th March, 2011 as a Private Limited company limited by shares. It was converted in Public Limited company on 16th July 2015. It has its Registered office in Navi Mumbai, Maharashtra, India. The company is engaged in the business of Freight Forwarding, Clearing and Forwarding, Non Vessel Operating Common Carrier and Trading in Containers and related activities. The company offers its services across India and to other countries.

The financial statements for the year ended March 31, 2021 were approved by the Board of Directors and authorised for issue on June 24, 2021.

2. Significant accounting policies

The financial statements have been prepared on the following basis:

2.1 Basis of accounting and preparation of financial statements

These financial statements have been prepared in accordance with Ind AS as prescribed under section 133 of the Companies Act 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

These financial statements have been prepared on a historical cost basis, except following assets and liabilities which have been measured at fair value:

(i) Defined Benefit plans-plan assets

Up to the year ended March 31, 2018, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP) which includes standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as " Previous GAAP".

The functional and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operates.

2.2 Use of estimates

The preparation of the financial statements are in conformity with Ind AS requires the Management to make estimates, judgement and assumptions. These estimates, judgement and assumption affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of the changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

2.3 Revenue recognition

Sales of goods are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sale of goods is net of Indirect taxes, returns and discounts.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

Interest income from a financial asset is recognised using effective interest rate method. Dividend income is accounted for when the right to receive the payment is established.

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

2.4 Inventories (For Trading)

Inventories of Containers are valued at lower of Cost and net realisable Value. Cost Comprises all cost of purchase and other cost including customs duty incurred in bringing inventories to their present location and condition.

2.5 Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition net of recoverable taxes, trade discount and rebates including any cost, directly attributable to bringing the assets to their working condition for its intended use, net charges on foreign exchange arising from exchange rate variations attributable to the assets less accumulated depreciation and impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Capital Work in Progress if any, are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.6 Depreciation /Amortisation and useful lives of property, plant and equipment/intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

2.7 Foreign Currency Transactions and Translation

Transactions denominated in the foreign currencies are recorded at the exchange rate prevailing on the date of transaction or that approximates the actual rate at the date of the transaction.

The monetary assets and liabilities denominated in the foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

Any income or expense on account of exchange difference either on settlement on translation is recognised in the Statement of profit and loss except in the case the long term liabilities, if any, where they relate to the acquisition of the fixed assets, in which case they are adjusted to the carrying amount of such assets.

2.8 Employees Benefits

Defined Contribution Plans

Provident Fund are defined contribution schemes established under a State Plan. The contributions to the schemes are charged to the statement of profit and loss in the year when the contributions become due.

Defined Benefit Plans

The company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post employment at 15 days salary (last drawn salary) for each completed year of services as per the Payment of Gratuity Act, 1972. The aforesaid liability is provided for on the basis of an actuarial valuation made using Project Unit Credit Method at the end of the financial year. The scheme is funded with an insurance company in the form of a qualifying insurance policy. Actuarial gains/losses are recognized in statement of profit and loss in the year in which they arise.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance sheet date. Employees are entitled to accumulate leave subject to certain limits for future encashment. The liability in respect of leave encashment is provided for on the basis of actuarial valuation made at the end of the financial year using Project Unit Credit Method. The said liability is not funded.

2.9 Borrowing Cost

“Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that takes substantial period of time to get ready for its intended use.

All other borrowing costs are recognised as expense in the period in which they are incurred.

2.10 Fair value Measurement:

Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

of an asset or a liability, the Company takes into account the characteristics of asset and liability if market participants would take those into consideration. Fair value for measurement and / or disclosure purposes in these financial statements is determined in such basis except for transactions in the scope of Ind AS 2, 17 and 36. Normally at initial recognition, the transaction price is the best evidence of fair value.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A Fair value measurement of a non-financial asset takes in to account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (Unadjusted) market prices and active market for identical assets and liabilities.
- Level 2 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by the re assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognised in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the income statement. On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- a) Financial assets that are measured at amortised cost.
- b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis: -

- a) The twelve month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within twelve months after the reporting date)
- b) Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

b. Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including book overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

"All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permit inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:

Financial Liabilities classified at Amortised Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the Effective Interest Rate. Interest expense that is not capitalised as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise assets and settle the liabilities simultaneously.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

2.12 Earnings per share

“Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.13 Income Tax Expenses

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current tax

Current tax includes provision for Income Tax computed under special provision (i.e. Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

2.14 Impairment of Assets non-financial assets - property, plant and equipment and intangible assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.15 Leases

Till 31st March 2019 all leases were classified as operating leases. Rental expenses from operating lease was recognised on a straight line basis over the term of the relevant lease.

From 1st April 2019 the company has applied Ind AS 116 'Leases' for assets acquired during the year on lease. The company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying asset.

a) Right-of-use assets are measured at cost comprising the following:

- i) the amount of the initial measurement of lease liability
- ii) any initial direct costs

Right-of-use assets are depreciated over the lease term on a straight-line basis.

b) Lease Liabilities are measured at present value of fixed payments.

Incremental borrowing rate used for discounting has been determined by taking the interest rates obtained from financial institutions for borrowings for similar value of right of use of asset. In case of financial leases, lease liability is measured using implicit rate.

The company applies the short term lease recognition exemption to its short term lease contracts (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not and do not contain a purchase option). Lease payments on a short term leases are recognised as expense on a straight-line basis over the lease term.

2.16 Provisions and Contingent Liability

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities and commitments are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

44. Financial risk management

The Company's activities are exposed to a variety of market risk (including foreign currency risk and interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as commodity prices, foreign exchange rates, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

a. Commodity Price Risk

Commodity price risk arises due to fluctuations in prices of raw materials and other products. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

b. Interest Rate Risk

The company's exposure to the risk of changes in market interest rate relates to the floating the debt obligations.

c. Foreign Currency Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit & Loss, where transaction references more than one currency or where assets/liabilities are denominated in currency other than functional currency of the entity. Considering the countries and economic development in which Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risk primarily relates to fluctuations in US Dollar.

"Any movement in the functional currency of operations of the Company against the major foreign currency may impact the Company's revenue in international business. Any weakening of the functional currency may impact Company's cost of imports and consequently the profit or loss.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risk.

ii. Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in a loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

The Company performs ongoing credit evaluation of its counterparties' financial conditions. The Company's major classes of financial assets are cash and bank balances, trade receivables, Security deposits, Advances to Suppliers and Employees and prepayments.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2021

44. Financial risk management (Contd..)

As at the reporting date, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

As at the reporting date, substantially all the cash and bank balances as detailed in Note 9 to the financial information are held in major Banks which are regulated and located in the India, which management believes are of high credit quality. The management does not expect any losses arising from non-performance by these counterparties.

As at 31 March 2021, the Company's outstanding trade receivables over-due for a period exceeding 180 days is 12.57% of total trade receivables.

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company has obtained fund based and non-fund based working capital credit facility from a bank. Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months.

The Company manages liquidity risk by maintaining adequate surplus, banking facilities and reserve borrowing facilities by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned.

Forecast for trade and other payables is regularly monitored to ensure timely funding.

All payments are made within due dates subject to availability of funds.

iv. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to maintain an optimal capital structure so as to support its businesses.

Notes to the Consolidated Financial Statements
